

LA PLAGE FACTORY CORPORATE PROFILE

WHO WE ARE

La Plage Factory is an **Incubator** accredited by the Mauritius Research & Innovation Council since 2018

We incubate **impact-driven African Tech startups** with a high potential for growth and prepare them for fundraising

We have been the **Ecosystem builder of the year 2021**

We are a **non-profit organization** conceived by entrepreneurs for entrepreneurs

We select only **Tech For Good** startups that helps environmental and social development through their innovative technologies

We have been **the incubator and the coworking space of the year 2022**

WHAT WE DO

Training entrepreneurs

We train and accompany young African entrepreneurs from the business design to the fundraising with our programs, services, products, and support.

Building a community

We build a community of insightful and experienced person, favorizing peer to peer shared knowledge and network during our meet ups and events.

Impacting the ecosystem

We are an active player in the development of the African startup ecosystem and we are relaying a broad range of opportunities to entrepreneurs.

HOW WE DO IT

Coworking space

We encourage collaboration by giving free access to our Coworking space in the heart of Port Louis old town.

Training programs

We train small cohorts (6 max) by providing them workshops, masterclasses, coaching and peer to peer sessions.

Vianeo method

We base our programs on a collaborative platform integrating a powerful and proven business design method.

Mentor relationship

We ensure a long-term support by matching each startup with a personal mentor who has expertise and experience.

OUR ECOSYSTEM

La Plage Factory has assembled a strong network of public and private partners within Mauritius, Africa and the globe.

Together who are championing positive economic, environmental, and social impact in Africa.

Institutional partners

Financial partners

Program partners

WHAT SUCCESS MEANS TO US

Selecting relevant and impactful startups

We highly value how selective we are regarding our cohorts and how much we prioritize quality over quantity.

Seeing our startup scaling up

We're proud when our startups rapidly grow their sales, expand their customer base and establish themselves in the market.

Obtain fundraisings

Every startup that secures funds with angel investors, venture capital firms or industry partners ; is for us a celebration.
