

2023 HIGHLIGHTS

About Us

La Plage Factory nurtures impact-driven African tech startups, by providing them with product and business development support, as well as access to funding.

Our Mission

We turn Tech for Good African entrepreneurs into role models, by catalyzing their progress using tech and creativity, to tackle the world's meaningful issues and generate shared value.

Our Vision

Foster economic, environmental, and social development, through innovation and entrepreneurship in Mauritius and in Africa.

Startups Highlights

Raised funds with Eclasia Group. Opened its first physical location. Won women's Entrepreneurs Award.

Raised funds with Mo Angels and Eclasia Group. Created their own studio

Established itself as a market-leading, ISO-certified platform. Created a network of 170,000 experts and over 10,000 users.

Continuing its global expansion. Awarded from the Los Angeles Area Chamber.

Getting commercial tractions with pharmacists and enterprises in Tunisia and France.

**#Africa Startup Ecosystem
Builder of the year 2022**

Our Programs

At La Plage Factory, we strive to be the place where startup founders can achieve their highest personal and business potential.

Incubation

This program is based on the proven Vianeo business design method. All founders are supported by a dedicated personal mentor.

**PHASE 1 :
Business design**
-> Business Model

**PHASE 2 :
Prototyping**
-> MVP

**PHASE 3 :
MVP deployment**
-> First customers

Acceleration

This program includes experts' contributions and peer to peer sessions.

**PHASE 1 :
Capacity building**
-> Business Plan

**PHASE 2 :
Investor readiness training**
-> Pitch deck
-> Financial Model

**PHASE 3 :
Collaborative investors outreach**
-> Fundraising

Supporting Services

In addition, our members have access to:
